

Music is all around us. It is the soundtrack to our lives. Music connects us to people and places in an ever-changing world. In schools music brings communities together through the shared endeavour of whole school singing, ensemble playing, experimenting with the creative process and, through the love of listening to friends and pupils, performing. The sheer joy of music making can feed the soul, enriching each student while strengthening the shared bonds of support and trust which make a great school.

From an early age, children have an awareness of rhythm, pitch and the sounds around them. Therefore, we aim to develop this awareness from the beginning of children's school lives.

- Encourage an awareness, enjoyment and appreciation of all types of music.
- Develop imagination and nurture creativity.
- Allow all children to succeed in Music and to be proud of their musical achievements.
- To offer a wide range of opportunities to express, perform, compose, listen and appraise.
